

Flowchart – Role and status (Art. 2, 3, 25, 43, 111, 113 AI Act)

This schematic representation shows the logic required to determine what your role is in relation to the AI system and how the usage status of the system can be determined according to Article 2, 3, 25, 43, 111 and 113 of the AI Act. The complete questions can be found in the AI AQT tool itself.
